COUNTY DEPARTMENT AGENDA REQUEST

Department/Division: Water System

Department Head: Tony Parrott

Presenter, if needed: Tony Parrott

Preferred Meeting Date: Wednesday, May 7, 2008

Wording for the Agenda:

Approval of Water System Director's request to be allowed to expend approximately $110,000 to relocate waterlines on Highway 74 South, as a result of the widening project currently underway by the Georgia Department of Transportation.

Background/History/Details:

Previously, the Board of Commissioners authorized up to $750,000 for waterline relocation along Highway 74 South. However, an additional $110,000 in costs has been identified for this purpose, due to a drainage pipe GDOT must install, making a tie-in at Kelly Drive, and completing the service relocation at Avery Dennison.

The County's contractor will perform the work.

What action are you seeking from the Board of Commissioners?

Approval to spend $110,000 for this work.

If this item requires funding, please describe:

Funding will be from the Water System Renewal & Extension Fund.

Has this issue come before the Commissioners in the past? Yes

If so, when? Thursday, August 9, 2007

Do you need audio-visual for the presentation? No

Back-up Material Submitted? Yes

STAFF USE ONLY

Approved by Finance? Yes

Reviewed by Legal? Yes

Approved by Purchasing? Yes

Approved by Administrative Staff? Yes

Staff Notes

Administrator's Approval Yes

Confirmed Meeting Date Wednesday, May 7, 2008

- ○ Other

STAFF REPORTS:

WATER SYSTEM: Water System Director Tony Parrott asked for the Board's consideration to approve authorization for the Water System to spend up to $750,000 in order to relocate the 10" water line and associated valve boxes, fire hydrants and so forth along S.R. 74 in Peachtree City in connection with Phase I of the S.R. 74 project. He remarked that the Department of Transportation did not want to have water line pipes that were installed in the 1960's under new pavement. He noted that the cost of relocating the 8,500 feet was approximately $750,000 that included money in case there was a need for rock excavation. He noted that Shockley plumbing was the County's annual contractor for this site. He said if there was not much rock, then the cost of the project would be less. He asked for the Board's consideration to authorize the Water System to spend up to $750,000 out of the Water System's Renewal and Extension Fund.

Chairman Smith asked for the Board's pleasure in this matter.

On motion made by Commissioner Frady, seconded by Commissioner Horgan to approve the request made by the Director of the Water System Tony Parrott to spend up to $750,000 out of the Water System's Renewal and Extension Fund in order to relocate the water line along S.R. 74 in Peachtree City. The motion carried 5-0.
