STAFF USE ONLY

Approved by Finance	Yes	Reviewed by Legal	Yes
Approved by Purchasing	Yes	Approved by County Clerk	Yes
Administrator's Approval	Yes		

Staff Notes:

Supporting Data for BOC 6-25-09 Public Meeting
Agenda Request for Notice to Proceed on the Three SPLOST Projects

SPLOST #	Location	Description & Purpose	Project Mgt. Fee	Design Fee
FC-2	Corinth Road @ SR 54	The purpose of this project is to improve safety and efficiency by provide new striping and turn lanes. Although this intersection may be reworked in the future for the widening of S.R. 54 and/or construction of the East Fayetteville Bypass, these interim measures are proposed now to address existing traffic concerns.	$3,000	$9,000
I-10	South Jeff Davis @ County Line Road	This intersection is slightly offset across the east and west legs. The purpose of the project is to improve safety and efficiency by correcting geometry and adding turn lanes, as appropriate. A traffic signal is not planned but will be considered based on the results of traffic counts.	$4,560	$13,680
B-3	Kenwood Road Bridge @ Morning Creek	This existing bridge is substandard according to GDOT bridge sufficiency rating and requires repair or replacement. As part of the Preliminary Design, staff will make a specific recommendation and provide an associated cost estimate.	$16,860	$50,580

Notes:

1. Project Management Fee and Design Fee are lump sum values established in the *Standard Form of Agreement between Owner and Engineer for Professional Services*, dated August 1, 2005. The Fees do not include Additional Services, as defined in the Agreement.
2. The Description and Purpose is per the April 2003 *Fayette County Transportation Plan*.
3. Upon completion of the Preliminary Design, Public Works will provide the BOC an update on the specific recommended improvements for each location and a probable Construction Cost. Per the Agreement, the Preliminary Design Phase will be completed within 120 days following Notice-to-Proceed.
