COUNTY DEPARTMENT AGENDA REQUEST

Department:	911 Communications	Presenter(s):	Cheryl Rogers / Peggy Glaze
Meeting Date:	Thursday, November 12, 2009	Type of Request:	Consent

Wording for the Agenda:

Consideration of staff's recommendation for approval of the amendment to the Frequency Reconfiguration Agreement (FRA), which amends and revises the Frequency Reconfiguration Agreement executed on 5/9/2008 between Fayette County and Sprint Nextel.

Background/History/Details:

This Amendment (contains Motorola change order 001) to the original Frequency Reconfiguration Agreement between Fayette County, Georgia and Sprint Nextel Corporation is required by the FCC mandated rebanding of the 800 MHz public safety radio system. To meet the comparable facilities replacement radio requirement of Fayette County, Motorola requested Sprint Nextel to include the costs associated with the additional radio subscriber units identified/located after the on-site inventory validation for the Fayette County agencies. It was made known during the planning stage of this 800 MHz rebanding project that there may be significant discrepancies in the original contracted subscriber inventory. Be advised, there is no cost to Fayette County and/or the Fayette County municipalities. Too, this agreement has been reviewed and approved by Engineering Associates, Inc., our engaged Project Management firm for this project, and Rosalind K. Allen, our engaged Attorney for this project. Both Engineering Associates and Rosalind K. Allen have provided documentation stating the same.

What action are you seeking from the Board of Commissioners?

911 Communications requests the approval of the 821 MHz Rebanding FRA, Amendment 1 document.

If this item requires funding, please describe:

Not Applicable.

Has this issue come before the Commissioners in the past?	No	If so, when?
