COUNTY DEPARTMENT AGENDA REQUEST

Department:	Water System	Presenter(s):	Tony Parrott
Meeting Date:	June 23, 2011	Type of Request:	Consent

Wording for the Agenda:

Approval of the Water Committee's recommendation to accept the low bidder, East Electrical Company, for pump station generator connections for two booster pump stations and one raw water pump station at a cost of $83,400.; and authorization for the Chairman to execute any subsequent contracts or agreements following review and approval of the County Attorney.

Background/History/Details:

Emergency generator hookups need to be installed at the Ellis Road booster pump station, the Crabapple booster pump station, and the Lake Horton raw water pump station. This will give the Water System the ability of bringing in a generator that can be connected to these pumps to deliver water through the system to water customers and to the water plants for treatment in the event of a power outage.

Bids were solicited for this work and four qualified bidders responded. East Electrical Company is the low bidder.

What action are you seeking from the Board of Commissioners?

Approval of the Water Committee's recommendation to accept the low bidder, East Electrical Company, for pump station generator connections for two booster pump stations and one raw water pump station at a cost of $83,400.; and authorization for the Chairman to execute any subsequent contracts or agreements following review and approval of the County Attorney.

If this item requires funding, please describe:

Funds are available in the Renewal and Extension Fund.

Has this issue come before the Commissioners in the past?	No	If so, when?	
Do you need audio-visual for the presentation?	No	Back-up Material Submitted?	Yes

STAFF USE ONLY

Approved by Finance	Yes	Reviewed by Legal	Yes
Approved by Purchasing	Not Applicable	Approved by County Clerk	Yes
Administrator's Approval	Yes
