Approval of staff's recommendation to enter into an intergovernmental agreement with Fayetteville for the resurfacing of Brandon Lane and Highview Trace.

Background/History/Details:

The county routinely enters into intergovernmental agreements with our municipalities whereby the county resurfaces or paves city streets. Typically, the county provides manpower and equipment and the municipality will pay cost of materials.

This proposed Agreement calls for Fayette County to provide equipment and labor for the resurfacing of two (2) city streets identified in the Special Stipulations. All material costs are to be paid for by Fayetteville. The work will be performed in the 2010 paving season. The total length of streets to be resurfaced is 0.64.

The streets included in this request are Brandon Lane and Highview Trace.
