COUNTY AGENDA REQUEST

Department:	Solid Waste	Presenter(s):	Vanessa Birrell
Meeting Date:	Thursday, January 24, 2013	Type of Request:	Old Business

Wording for the Agenda:

Consideration of staff's recommendation to renew Proposal No. P764 to Jacobs Engineering Group, Inc. to conduct post-closure environmental monitoring and compliance activities at the two closed Fayette County solid waste facilities on First Manassas Mile Road for a 12-month period, in an amount not to exceed $73,570.00.

Background/History/Details:

Solid Waste Management includes overseeing and monitoring post-closure compliance activities required by Georgia Solid Waste Management Regulations (391-3-4.14) and complying with other regulatory programs. The continued scope of work includes on-going semi-annual groundwater and monthly methane monitoring and reporting to the EPD; preparation of a minor modification request for the northside permit boundary modification.

Modifications to the methane monitoring frequency and network from monthly monitoring conducted under this contract are still being revised by Jacobs in concert with EPD as further data is acquired is acquired after the new mitigation system installation. The northside permit boundary modification task has not been initiated due to inconsistent methane readings in perimeter wells.

Six firms responded to this RFP. Each proposal was evaluated on project understanding, technical approach, qualifications, and cost criteria established in the RFP. Jacobs Engineering's response to the RFP was the lowest not-to-exceed quote of all six responders. The original bid was approved by the Board on November 18, 2010 and became effective February 23, 2011. A one-year extension was approved on March 8, 2012 and became effective on May 3, 2012. Jacobs has offered to extend current contract not to exceed pricing for another year.

What action are you seeking from the Board of Commissioners?

Approval of staff's recommendation to renew Proposal No. P764 to Jacobs Engineering Group, Inc. to conduct post-closure environmental monitoring and compliance activities at the two closed Fayette County solid waste facilities on First Manassas Mile Road for a 12-month period, in an amount not to exceed $73,570.00.

If this item requires funding, please describe:

Funding for this request is budgeted in the Solid Waste budget.

Has this request been considered within the past two years?	No	If so, when?	
Is Audio-Visual Equipment Required for this Request?*	No	Backup Provided with Request?	Yes

**** All audio-visual material must be submitted to the County Clerk's Office no later than 48 hours prior to the meeting. It is also your department's responsibility to ensure all third-party audio-visual material is submitted at least 48 hours in advance.***

Approved by Finance	Yes	Reviewed by Legal	
Approved by Purchasing	Yes	County Clerk's Approval	Yes
Administrator's Approval			

Staff Notes:

Solid Waste has $80,070 budgeted for this purpose and this renewal reflects a decrease of ($6,500.00) or 8.1% due to eliminating Tasks III & IV. Staff is working on lowering the costs for Methane Monitoring and northside boundary requirements that may produce additional savings. The anticipated FY2013 Solid Waste Budget shortfall is $75,582.00.

Subject: Contract Renewal – 2013-2014
#P764 Contract for Environmental and Engineering Services
Fayette County, Georgia

Dear Ms. Birrell:

In light of our ongoing solid waste work for Fayette County and our current contract term nearing its end, Jacobs is pleased to inform you that we are willing to keep our contract price and billing rates the same for another 1-year contract term. We are hopeful that the County will chose to renew our contract, and we are excited for the opportunity to work with the County for another year.

Please feel free to contact me (678-313-9397) if you have any additional questions or require additional information.

Sincerely,

JACOBS ENGINEERING GROUP INC.

Joshua L. Lawson, P.G.
Senior Project Manager
