COUNTY AGENDA REQUEST

Department:	Public Works	Presenter(s):	Phil Mallon
Meeting Date:	Wednesday, June 6, 2012	Type of Request:	New Business

Wording for the Agenda:

Update of compliance issues associated with Kozisek Lake Dam on Neely Road and Phillips Lake Dam on Longview Road.

Background/History/Details:

It is believed that both of these dams are partially located within County Right-of-Way. Recent correspondence from the Georgia Department of Natural Resources, Safe Dams Program requires development of an engineering report with recommendations to either: 1) upgrade the dams; 2) breach the dams; 3) modify the dams to remove the downstream flood risk; or 4) remove or modify the downstream structure(s) at risk. Coordination with adjacent property owners will be required for any of the options.

What action are you seeking from the Board of Commissioners?

The purpose of this agenda request is to inform the Board of the issues associated with these two structures and determine if there is a general consensus on the preferred option for bringing the structures into compliance. No formal action is required at this time.

If this item requires funding, please describe:

Not at this time.

Has this request been considered within the past two years?	No	If so, when?	
Is Audio-Visual Equipment Required for this Request?*	No	Backup Provided with Request?	No

**** All audio-visual material must be submitted to the County Clerk's Office no later than 48 hours prior to the meeting. It is also your department's responsibility to ensure all third-party audio-visual material is submitted at least 48 hours in advance.***
