Wording for the Agenda:

Approval of staff's recommendation to trade 32 turnout coats and 40 pair of turnout pants that are no longer usable, to Gloves, Inc. for a credit of $1,800.00 toward the County's on current turnout cleaning cost.

Background/History/Details:

Fire Services currently has 32 turnout coats and 40 pair of turnout pants that are surplus. These are no longer usable due to their condition or they are over the 10 year life span as recommended by NFPA. The cleaning company (Gloves, Inc.) the County uses has offered a $25 per piece credit on the current cleaning bill. They will use some of the material and attachments to make repairs to other gear.

We are not able to send this gear to Georgia Forestry as has been done in the past, since this is not serviceable gear.

These pieces are non-asset and are not tracked in the County inventory system since they have a short useful life. In summary, we need to dispose of this gear and Gloves, Inc. is offering $25 per piece in credits for their services. Total credit will be $1,800.00
