COUNTY AGENDA REQUEST

Department:	Public Works	Presenter(s):	Phil Mallon
Meeting Date:	Thursday, February 14, 2013	Type of Request:	Consent

Wording for the Agenda:

Approval of staff's request to accept a proposed amendment to extend an existing Intergovernmental Agreement between the Town of Tyrone and Fayette County, Georgia for an additional eight (8) months, and to include a provision for use of a borrow pit at Handley Park.

Background/History/Details:

On February 24, 2011, the Fayette County Board of Commissioners agreed to an IGA with Tyrone for drainage and paving improvements along 1,700 feet of Valleywood Road. The project extends from Senoia Road to just east of the stream crossing.

On March 8, 2012 the Agreement was amended to extend the terms to February 23, 2013. The initial delay was due to design and permitting issues associated with the CSX Railroad crossing. The work around the railroad has since been completed. Field work on the remaining section is ready to start as soon a final design is received. With identification of a proximate borrow source (i.e., Handley Park) staff expects the design will be soon finalized and work can begin in early spring 2013.

The proposed amendment was approved by Tyrone Council in January 2013. A copy of the amendment, the original Agreement and the March 8, 2012 amendment are provided as back-up to this request.
