**PUBLIC HEARING:**

- A. Consideration of Petition Number 1218-09, Southern Pine Plantations Commercial Group, LLC., Owners, and Seyfarth Shaw, LLP, Agent, request to rezone 27.46 acres from O-I, A-R, and C-C to C-C to develop Commercial Uses, and consideration of Petition Number 1219-09, request to rezone 5.37 acres from O-I, A-R and C-C to O-I to develop Office Uses. These properties are located in Land Lots 17 and 18 of the 6<sup>th</sup> District and front on SR 74 South. These petitions were tabled at the Public Hearing held on December 10, 2009.

Community Development Director Pete Frisina read the *Introduction to Public Hearings* document explaining how the Public Hearings would be conducted. A copy of the *Introduction to Public Hearings*, identified as "Attachment 1", follows these minutes and is made an official part hereof.

Attorney Carl Westmoreland, representing the applicant for both petitions being heard, spoke about the need to approve the petitions and agreed to staff's recommended conditions.

Commissioner Horgan asked what uses would be allowed if the petitions were approved. Attorney Westmoreland replied that anything allowed as permitted uses under the requested C-C and O-I zoning classifications would be considered with the exception of those uses expressly prohibited by the recommended conditions as detailed by the Planning Commission and county staff.

Commissioner Maxwell recalled that in the year 2000 there was discussion about deeding approximately 50 acres to the County to protect the Brechin Park neighborhood that is located on the south side of the development, but the discussion was never formalized into a written document or deed meaning the property still remains with the applicant. He said he understood there would be a deed held in trust for the transfer of 50 acres from Southern Pines to Fayette County but that there would be a reversion clause for the portion of the property next to Brechin Park. He explained the reversion clause would allow the applicant to place a septic system on the property next to the Brechin Park neighborhood if the septic field on the north side of the property ever had a problem. Attorney Westmoreland said Commissioner Maxwell's understanding was correct, that a detailed letter explaining the situation was provided to County Attorney Scott Bennett, and that he wanted it be understood that if the rear tract, referred to as Tract 4, had to be used for a septic field there would be a grassed buffer area provided adjacent to the neighborhood.

Commissioner Maxwell asked if a deed had been prepared and Attorney Westmoreland replied that a deed had been prepared and is being held in trust by Mr. Bowden, an attorney in Macon who is representing Southern Pine Plantations, until a Final Plat is recorded and the property can be transferred to Fayette County. Discussion followed.

No one else spoke in favor of or in opposition to the petitions.

Commissioner Horgan moved to approve Petition Number 1218-09 subject to the two recommended conditions. Commissioner Hearn seconded the motion. Further discussion followed and the motion passed unanimously. A copy of the requests for Petitions 1218-09 and 1219-09, including recommended conditions, Staff Analysis and Investigation, and maps, identified as "Attachment 2", follow these minutes and are made an official part hereof. This R-40 property is located in Land Lot 71, 7<sup>th</sup> District and fronts on Oak Ridge Drive.**
