**A. DISCUSSION OF PROPOSED AMENDMENTS TO THE COUNTY'S OCCUPATIONAL LICENSE ORDINANCE:**

County Attorney Scott Bennett discussed this item with the Board. A copy of the request, identified as "Attachment No. 1", follows these minutes and is made an official part hereof. He remarked that there had been some issues regarding occupation tax certificates versus business licenses. He said in the past there had been some amendments to the Code and he suggested clearly separating out the businesses that the County would license versus all business that the County charges occupational tax. He said the portion of the ordinance that he was currently working on was the business license portion. He noted that the County only requires a license for very few occupations in the County. He said this ordinance will license carnivals, canvassers, personal care homes, and coin operated machines. He said Finance staff had reviewed this and he would bring a draft ordinance to the Board at the May 5<sup>th</sup> meeting for further discussion and possible action.

**B. PRESENTATION OF THE MONTHLY UPDATE ON THE COUNTY'S 2010 TRANSPORTATION WORK PLAN BY PUBLIC WORKS DIRECTOR PHIL MALLON:**

**NEW BUSINESS:**

**C. CONSIDERATION OF STAFF'S RECOMMENDATION TO AWARD THE BID FOR THE INSTALLATION OF A TRAFFIC SIGNAL FOR THE WEST FAYETTEVILLE BYPASS PHASE I, AT THE NEW INTERSECTION OF SR 54 AND THE BYPASS, TO AMERICAN CONTRACTORS, INC. IN THE AMOUNT OF \$624,529.82:**

Carlos Christian, Transportation Engineer for the Road Department, discussed this item with the Board. He remarked that by the bid closing date, staff had only received one bid. A copy of the request and backup, identified as "Attachment No. 3", follow these minutes and are made an official part hereof. He said staff had received favorable recommendations from the work that American Contractors, Inc. has done. He remarked that this contractor would be ready to proceed as soon as the bonds and the proper insurance was provided. He also remarked that the Notice to Proceed had also been issued.

County Administrator Jack Krakeel said he had met with David Jaeger of Mallett Consulting as well as staff and expressed concern when he became aware that there was only one bidder for this project. He said it was his understanding from some of the other contractors that there were various reasons why they had not bid on this contract. He said there was only one contractor who had a technical reason for not bidding and that was because it had been sent out as a lump sum bid rather than individual pricing. He said the rest of the vendors had various reasons for not bidding none of which were project related. He said one vendor had a concern about having to hire a number of subcontractors working the D.O.T. right-way-way because they did not have qualified personnel to work within this right-of-way. He noted that all of the vendors that were contacted said they would bid future County projects.

Commissioner Hearn expressed concern in awarding this bid for \$624,529.82 with only one contractor. He felt a lump sum bid would work well with small projects but large projects should have unit pricing. He suggested this be rebid so that the bid could be broken down in unit pricing.

Mr. Christian remarked if the County rebid this project it would not only lose an additional six to eight weeks but would also push the schedule window further out. It might even push the work into the Fall and possible rain delays.

Commissioner Maxwell made a motion to approve staff's recommendation to award the bid for installation of a traffic signal for the West Fayetteville Bypass Phase I, at the new intersection of SR 54 and the Bypass, to American Contractors, Inc. in the amount of \$624,529.82 with the provision that, pending the County Attorney's approval, the Chairman be authorized to execute this contract. Commissioner Frady seconded the motion. The motion carried 4-1 with Commissioner Hearn voting in opposition. (This contract was approved for signature at the May 13, 2010 meeting.)

**F. CONSIDERATION OF STAFF'S RECOMMENDATION THAT THE COUNTY ENTER INTO A "SECOND AMENDMENT TO THE INTERGOVERNMENTAL AGREEMENT" BETWEEN FAYETTE COUNTY AND THE SECRETARY OF STATE'S OFFICE:**

Elections Director Tom Sawyer discussed this item with the Board. He remarked that in 2002 the County had entered into the original Intergovernmental Agreement with the State when the Secretary of State actually put the current voting system in place and it was basically a loan on their part to the County. He said in 2005 the first amendment to this Agreement came out and the State put forth the express polls. He said the second agreement was in regard to the equipment that was now not able to pass acceptance, testing or could not be repaired. He said this amendment would allow for disposal of any equipment that met the criteria for disposal. He said all of the counties in the State of Georgia must execute this Second Amendment to the Intergovernmental Agreement. He asked for the Board's consideration to approve this agreement and authorize the Chairman to execute same.

She said it was staff's recommendation to renew the County's agreement with Midwest Employers Casualty Company for a period of one year for Workers' Compensation excess insurance and claims service. She noted that staff would be recommending that next Spring there would be a comprehensive review of both aspects of the self-insured workers' compensation.

**ELECTION POLL WORKERS:** County Administrator Jack Krakeel asked for the Board's consideration for the Chairman to execute a Resolution and a Modification of the State of Georgia Social Security Agreement regarding payment of social security taxes as it relates to poll workers. He said the County had two options in this matter (1) would be for the County to pay social security taxes recognizing that many poll workers would only work one day out of the year in one election; or (2) request an amendment to the 218 agreement approved in 1959 which would essentially allow the County to modify the agreement to a threshold of \$1,500. He said the County could petition the State of Georgia for modification of the 218 agreement.
