

2019 Annual Report Fayette County Department of Fire & Emergency Services

All Emergencies — **911** General Information 770.305.5414
www.fayettecountyga.gov/fire_ems

Emergency Management Agency

Emergency management staff continued coordination, planning, and liaison activities with municipal, state, federal, private sector, and non-governmental organizations to maintain Fayette County's ability to mitigate, prepare, respond, and recover from disasters while maintaining our eligibility for disaster assistance and reimbursement at the maximum level allowed.

In 2019 Fayette avoided any large-scale disasters requiring a disaster declaration, but we dealt with lower impact events such as minor flooding, drought, and unusually high temperatures.

One major effort this year has been working with Lux Mitigation Planning Corporation to engage our municipalities, county agencies, and the public to begin the Multi-Jurisdictional Hazard Mitigation Plan update that is required by FEMA every five years. This effort involves all parties to identify and prioritize community hazards, and then create measurable objectives to mitigate those hazards resulting in a safer community.

Other important activities and accomplishments for 2019 include:

- Public preparedness presentations
- Participation in five disaster exercises
- Attended five EMAG/GEMA Area 7 meetings/trainings
- Assisted with Balloons Over Fayette response preparation
- Presented at two Career Days with the FCBoE
- Completed NWS Storm Ready Community recertification
- Coordinated Hazard Mitigation grant applications
- Coordinated maintenance and testing of the outdoor warning siren system
- Assisted fire victims with liaison activities with the American Red Cross
- Assisted the Training Division with recruit check-offs
- Assisted the Bureau of Fire Prevention with the 3rd Grade Fire Safety Education Program

Fire/EMS Training

The Fire/EMS Training Section provides initial and recurrent training across all disciplines within the department. This Section also designs programs for professional development of employees. Training personnel interface with local, state and federal agencies that govern and monitor Fire/EMS Training to ensure compliance.

Initial Firefighter Training — 13 weeks – 1 class in 2019

Initial Advanced EMT Training — 16 weeks - 2 classes in 2019

Continuing Education / Professional Development:

Fire/EMS Company Training—22,801 hours

Burn Facility Training—2,620 hours

Driver Training—990 hours

Officer Training—600 hours

Hazardous Materials Training—934 Hours

Fire Marshal's Office

The Fire Marshal's Office provides public education and awareness throughout the community and school system to help in the reduction of fire and life loss through life safety inspections, commercial building plan reviews, fire extinguisher training and fire investigations.

Our missions are achieved through the delivery of the 3rd grade fire safety education programs to the Elementary Schools in unincorporated Fayette County, public education to our county seniors through the Fayette County Senior Center and other organizations and fire extinguisher training to the citizens and businesses of Fayette County.

Fire safety inspections are conducted on all businesses of unincorporated Fayette County as well as the Town of Brooks, Town of Woolsey and the Town of Tyrone. Plan reviews are conducted on all new structures built for Code Compliance and occupancy prior to construction and at completion.

Inspections Conducted— 1,040

Plan Reviews— 156

Preplan Updates— 1,180

New Businesses— 156

Burn Permits Issued— 11,902 Residential

8 Commercial

Fire Investigations Conducted— 28

Public Relations Programs— 117

Total Public Education Participants— 8,609

Smoke Detector Installations— 7 Residences

2019 Fire Loss— \$1,425,490 Structural,

\$926,757 Vehicle, Brush and Other
