**FOR IMMEDIATE RELEASE:**

## **Volunteers Needed for Water Guardians Lake McIntosh Clean-up Project**

**Fayette County, Georgia, July 15, 2016** – The Fayette County government is announcing its third event for local residents with kayaks and canoes to assist with cleaning our water reservoirs. The program is called Water Guardians and the lake clean-up will occur on **Saturday, August 13 from 8:45 to 11:00 a.m.**

The next Water Guardians clean-up will take place at **Lake McIntosh reservoir in Peachtree City.**

Please arrive by 8:45 a.m. in the boat dock parking lot off of TDK Blvd. Each new volunteer that registers with [watguardians@fayettecountyga.gov](mailto:watguardians@fayettecountyga.gov) by August 1st will be given a Water Guardian t-shirt at sign-in to proudly wear during the event. If you are a previous participant and have a Water Guardian t-shirt, please wear it to the clean-up.

Each volunteer will be provided a trash grabber, trash bags and bottled water. Please note that a liability waiver will be sent to all volunteers and **MUST** be completed in order to participate. This also applies to previous volunteers. Please remember to bring your waiver, life vest, sun screen and a hat the day of the event. In the case of rain, all registered participants will be notified via email with a rescheduled time and date.

Thanks to the generous support of the Fayette County Water System and our volunteers, we will be hosting a cook out after the clean-up. Please plan to stay and enjoy burgers, hot dogs, and other treats!

To register for this event, send an email to [WaterGuardians@fayettecountyga.gov](mailto:WaterGuardians@fayettecountyga.gov) and include your name, daytime phone number, contact email address and t-shirt size.

In the event of rain, a make-up date will be given by email.
