RE: Antioch Road and Goza Road Intersection

Dear Sheriff Babb,

At the August 24, 2017 Commission Meeting residents expressed concerns and requested our assistance from the significant traffic accidents; and extensive number of near misses at the Antioch and Goza Road intersection. As I'm sure you are aware, this intersection has been on the county's radar for some time; and the Board has authorized staff to seek a permanent solution which is in progress.

Our interim plan is being developed and part of that plan is a request of assistance from the Sheriff's Office. I know you share our concerns for the safety of our citizens and with that in mind, we would like to ask for law enforcement to continue the surveillance and/or intensified presence at the intersection of Antioch and Goza Road. We presume this will help lessen the issue of "excessive speed" that contributes to many of the traffic accidents/incidents at this intersection.

We are open to suggestions on the "how to" and welcome both dialogue and recommendations. As I'm sure you'll be more than willing to assist in any way possible, I eagerly await your response to this urgent matter.

Best Regards,
