

Fall 2018

Fayette County Public Library

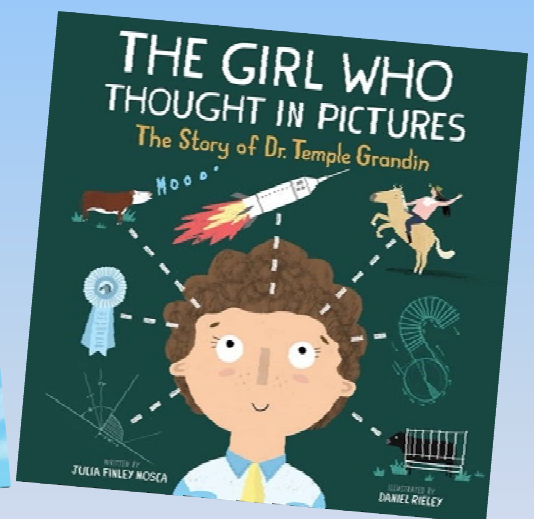

Curiosity Club

Who? *Youth ages 7-10 (No younger friends or siblings permitted).

When? 2nd Thursday of the Month from 4-5 p.m.

What? Curiosity Club is a story time where the focus is on sharing stories and having conversations about books that spark learning and encourage compassion and empathy for others. Each session will include the reading of one story, a time for conversation and sharing, followed by a time of art-making.

**Because this program is focused on building community among peers, we cannot allow younger siblings to attend. The time of art-making each week is limited to those who participate in the story portion of the program. If you have younger children that want to attend a story time with their older siblings, we have Story Builders on Mondays at 3:30. Story Builders is geared at children 4 and older but all ages may attend.*

Art making will include drawing, clay, wire sculptures, beads, creating with recyclables, weaving and more!
