Subject: RFP #1082-P, Road Pavement Consulting Services – Addendum #1

Dear Gentlemen/Ladies:

Included herein is additional information and clarification for the above referenced request for proposal. Please consider all of this information when preparing your proposal.

1. **How many lane miles does the County maintain?** 520.51 miles, 470.54 paved and 49.97 dirt. **Can you please provide the breakdown of the mileage by the pavement type?** All paved roads are asphalt.
2. **Does the County currently have a Pavement Management System?** We don't have a management system currently. We use excel spreadsheets. **Which PMS software does the county use?** We don't have any software outside of spreadsheets, currently.
3. **Who provided the previous pavement distress collection services?** The service was done in-house using the PASER.
4. **Would the County consider automated data collection?** Yes, the county will consider automated data collection.
5. **Do you have a GIS shapefile for the County street network?** Yes; the county has a GIS Shapefile for the county street network.
6. **The RFP requires pricing for the services being requested. After the review of all the proposals based on the evaluation criteria, will the county select the top firm based on the lowest cost?** The successful firm will be the firm that achieves the highest-scoring evaluation which includes technical merit and price, as shown in the section of the Request for Proposals titled "V. Evaluation Criteria."
7. **We are a registered Corporation in the State of Illinois and have staff with PE license in the state of IL. What additional certificates/licenses are required for an out-of-state corporation from the State of Georgia and/or Fayette County to be qualified for this project, if awarded?** No licenses are required. Responders will be evaluated according to the evaluation criteria.

Received by _____ Company _____

Note: If this addendum is not returned to the Fayette County Purchasing Department or if it is returned not signed, all responders shall still be responsible for the requirements of this addendum and the specifications or changes herein.
