Subject: RFP #1218-P: Playground Equipment for Kenwood Park – Addendum #1

Gentlemen/Ladies:

Included herein is additional information and clarification for the above referenced request for proposals. Please consider all of this information when preparing your proposal.

1. After careful consideration the playground borders will in fact need to remain as stated in the RFP. 6" high recycled rubber playground borders double stacked to give a 12" high border to retain the mulch.
2. There is a 2% grade on the site. Regardless of the grade, the drain outlets for the french drains will need to run to the southeast end of the site.
3. A sidewalk will be adjacent to the playground therefore an ADA rubber ramp will need to be installed connecting the playground to the sidewalk.
