- vii. SR 279/SR 85/Corinth Road – As a result of the CST phase being pushed to FY 2029, certain studies may have to be updated. Traffic is one of the most significant and could be expensive if new data is required.
 - viii. ARC is conducting focus group meetings to help develop the Metropolitan Transportation Plan (Mobility 2055) Framework. This is a structured set of goals, objectives, and strategies and tactics that will guide transportation investment decisions. Guidance from the ARC Board is to prioritize transit and multimodal transportation over highway expansion. ARC leadership is focused on developing small, clear priorities. Education and funding were themes supported by many.
- c. Fayetteville – Cajen Rhodes
 - i. Ongoing roadway maintenance activities, including milling and paving, sidewalk repairs, and guardrail installation along Beauregard Boulevard.
 - ii. Marcus Heard was introduced as the City's new Assistant Director of Public Services.
- d. Peachtree City – Mark Dickson
 - i. The Displaced Left Turn intersection at SR 54/SR 74 opened on July 30, GDOT is adjusting signal timing.
 - ii. Design on the Peachtree Parkway and Crosstown Drive roundabout is about 95% complete.
 - iii. PTC is bundling three path projects and is going to full design for the pedestrian bridge over SR 54 project.
- e. Tyrone – Phillip Trocquet
 - i. Engineering services have been advertised, and bids are being accepted for the Laurelwood and Castlewood roadway projects.
 - ii. Construction activities continue at the Palmetto Rd/Swanson Rd/Arrowood Rd roundabout, with project completion anticipated by the end of September. The project will finish with cobblestone pavers.
- f. Woolsey – Karen Greiser
 - i. An update was requested on the SR 92/Hampton Road roundabout schedule.
 - ii. Expressed concerns regarding the condition of Woolsey Park Drive.
