**Subject: 26106-I: 911 Furniture and Consoles  
Addendum #1**

Gentlemen/Ladies:

Below, please find clarification for the above referenced **RFI**. You will need to consider this information when preparing your bid.

1. What is an ABOB? Does this hardware require a rack mount similar to what is needed for a KVM? Or Is this a separate monitor that requires space on the monitor array?  
I note the following when searching online:  
ABOB (All Bands On Board): Often used to describe dispatch consoles or "all-band" mobile radios (like those from [EFJohnson](#) or Motorola) that allow a single dispatcher to monitor and bridge communications between different agencies (e.g., Police on UHF and Fire on VHF).  
**ABOB - Audio Break Out Box. It has similar storage/mounting as the KVM.**
2. Referencing the above mentioned RFI, is an electronic format (PDF) submission acceptable?  
**Yes.**
3. What information would you like us to include about long-term sourcing capabilities? Would this be beyond the warranty term?  
**We are inquiring about the ability to obtain parts for purchase past the warranty term for maintaining furniture failures. Answer questions such as:**
  - *Does your company assist in sourcing parts for discontinued models?*
  - *Is there a design philosophy that allows for newer parts to interact with discontinued models to extend the life and useability of the furniture past the warranty date?*
  - *If 'no' to the previous questions, what solution does your company provide to extend the life of the product should the customer desire?*
4. Do the end users have a desired format they'd like to see for the RFI?  
**The County is open to configurations for either style or for configurations that both are used simultaneously.**
5. If we created a quote based on the layouts from the RFP, does the end user want us to include the exact cost for their requested specifications? We can either include the full quote or just the cost alone. This includes the product plus freight, installation, removal/disposal, performance bond.  
**The customer would prefer a full quote.**
6. Do you have an Auto CAD DWG file?  
**Only paper blueprints are available.**

7. Would the client prefer a dual surface Linear console? Images below show each example:

a. Dual Surface Cockpit Console

b. Dual Surface Linear

**The County is open to configurations for either style or for configurations that both are used simultaneously.**

8. Is installation made in phases or all consoles installed at once?

**All at once in conjunction with flooring and possibly painting project.**

9. Do we also need to supply flooring?

**No**

10. Where does the power come from in the room?

**The main power enters the building in the technology room where the UPS and cutoff switches are located. All other power for operations is routed from that source. It is located at the southwest corner of the room.**

11. How many circuits need to be available per console?

**Minimum 15 outlets.**

12. Do you require 15 amp or 20 amp circuits?

**We are using 15 amp circuits.**

13. How many ethernet cables are needed per station?

**There are 3 cables to the server stacks and modems per station. All others are internal to the console.**

Received by (Name): \_\_\_\_\_ Company \_\_\_\_\_

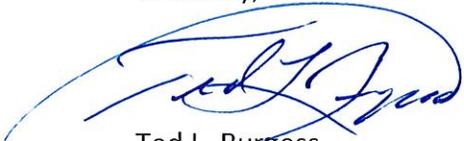

Note: If this addendum is not returned to the Fayette County Purchasing Department or if it is returned not signed, responding individuals, companies or other organizations will still be responsible for the requirements of this addendum and the specifications or changes herein.

The opening date for this RFI has changed. **The opening time and date are 3:00 p.m., Wednesday, April 1, 2026.** RFIs must be received by the Purchasing Department at the address above, Suite 204, at or before the opening date and time.

The deadline for inquiries has passed, so the Purchasing Department will not be able to accept any additional questions after this time.

If you have questions, please contact Colette Cobb, Contract Administrator at (770) 305-5115, fax (770) 719-5544 or email at [ccobb@fayettecountyga.gov](mailto:ccobb@fayettecountyga.gov) .

Sincerely,

A handwritten signature in blue ink, appearing to read "Ted L. Burgess", with a large, sweeping flourish above the name.

Ted L. Burgess
