**Subject: RFQ 26114-A: 78% Sulfuric Acid NSF, Copper Sulfate, and Sodium Silica Fluoride Addendum #1**

Gentlemen/Ladies:

Below, please find responses to questions, clarification, or additional information for the above referenced Request for Quotes. You will need to consider this information when preparing your quote.

- 1. We are very interested in participating in your RFQ for water treatment chemicals. However, for Sodium Silica Fluoride we represent a different manufacturer than Prayon. The product is NSF 60 certified and meets all requirements. Would Fayette County consider adjusting the bid parameters to allow other manufacturers' products, provided they meet all other requirements?**

We can only use Prayon. We have trialed other Sodium Silica Fluoride manufacturers, but they clog our chemical feeder and cannot be used.

- 2. One week is really not enough time to prepare and submit a bid. I would request 2 weeks minimum. 3 preferred.**

The due date can only be extended to Friday, March 27, 2026.

Received by (Name): \_\_\_\_\_ Company \_\_\_\_\_

Note: If this addendum is not returned to the Fayette County Purchasing Department or if it is returned not signed, responding individuals, companies or other organizations will still be responsible for the requirements of this addendum and the specifications or changes herein.
