Jerry Williford: Jerry Williford, Old Mill Court, Fayetteville thanked the planning and zoning staff for all of their professionalism in providing information and answering questions relating to the Davis' rezoning applications. He remarked that he was speaking in opposition to this request and felt the request for an unconditional commercial zoning would be in total disharmony because of the historical significance and residential character of this neighborhood.

OLD BUSINESS:

- D. **DISCUSSION OF STAFF'S RECOMMENDATION TO EXPAND THE REVISED PURCHASING CARD PROGRAM TO ALL COUNTY DEPARTMENTS AND ADOPT THE FINAL DRAFT OF THE PURCHASING CARD POLICY:**

Chief Financial Officer Mary Holland asked for the Board's consideration for approval to expand the existing Purchasing Card Program to all County departments and adopt the final draft of the Purchasing Card Policy as official policy. She noted that the County had been in a test program over the last year involving a select number of departments who were issued purchasing cards. She said staff had been reviewing and auditing the transactions that had taken place and from that activity staff had actually updated the Purchasing Card Policy. She remarked as staff had been going through this testing phase, there were two major tasks that had to be completed before staff felt comfortable expanding this program to all County Departments. She noted that one of those tasks was automation with the bank and this was now operational. She remarked that the second task was actually the reorganization with the Finance Department where there was an Accounting Analyst assigned to specific departments and those Accounting Analysts would be responsible for working with the departments on their P-card purchases and they would be reviewing those and presenting a report to the Board on transactions. She presented the Board with some charts that indicated the activity level of transactions. A copy of the charts, identified as "Attachment No. 8", follow these minutes and are made an official part hereof.

Chairman Smith questioned the potential to expand the travel policy.

Ms. Holland replied that the County has an existing travel policy adopted by this Board that states the type of travel that would be allowed. She commented that during the budget review process, staff reviews all of the travel requests and these were presented at budget time together with the information that the travel related to, the cost, which employees would be attending and so forth. She noted that all of this information was reviewed and approved during the budget process.

Ms. Holland remarked that there had only been minor infractions. She pointed out that the first violation would involve a verbal reminder, the second violation would involve a written warning and the card would be suspended, and the third violation would involve removal of the individual from the P-card program.

Chairman Smith asked Ms. Holland to address the issue of periodic recurring expenses.

Ms. Holland responded that particular type of transaction would not be allowed with a p-card. She said these were supposed to be miscellaneous type items that were purchased under the P-Card Program.

Chairman Smith asked Ms. Holland what the average charge was on a p-card outside of travel expense and Ms. Holland replied that was less than \$200.

Commissioner Maxwell made a motion to fully implement the revised Purchasing Card Program for all County departments and to adopt the final draft of the Purchasing Card policy as presented. Commissioner Horgan seconded the motion. The motion carried 4-0. Commissioner Frady was absent. A copy of the Purchasing Card Policy, identified as "Attachment No. 9", follows these minutes and is made an official part hereof.
