SUPERVISORY CONTROLS

The Foreman assigns work in terms of general instructions. The supervisor spot-checks completed work for compliance with procedures, accuracy, and the nature and propriety of the final results.

GUIDELINES

Guidelines include OSHA guidelines, traffic control procedures, and county and department policies and procedures. These guidelines are generally clear and specific but may require some interpretation in application.

COMPLEXITY/SCOPE OF WORK

- The work consists of related maintenance duties, meeting with customers, cutting water on and off as needed, meter reading and repairs, computer reading equipment, locating underground utilities and field inspections. Inclement weather conditions, heavy traffic and the variety of residents and situations encountered contribute to the complexity of the position.
- The purpose of this position is to participate in repair and maintenance of the water distribution infrastructure, provide field service to customers, and participate in meter reading operations, locating underground utilities and inspection of water system infrastructure. Success in this position contributes to the efficiency of Water System operations.

CONTACTS

- Contacts are typically with co-workers, customers, developers, builders, contractors, and members of the general public.
- Contacts are typically to give or exchange information, resolve problems and provide services.

PHYSICAL DEMANDS/ WORK ENVIRONMENT

- The work is performed while intermittently sitting, standing, stooping, bending, or crouching. The employee frequently lifts light and heavy objects, climbs ladders, and uses tools or equipment requiring a high degree of dexterity.
- The work is typically performed outdoors and occasionally in cold or inclement weather. The employee may be exposed to noise, dust, dirt, grease, and machinery with moving parts. The work requires protective devices such as the use of masks, goggles, and gloves.

SUPERVISORY AND MANAGEMENT RESPONSIBILITY

None.

SPECIAL CERTIFICATIONS AND LICENSES

- Fayette County is an Equal Opportunity Employer. ADA requires the County to provide reasonable accommodations to qualified individuals with disabilities. Prospective and current employees are invited to discuss accommodations.
- Possession of a valid State of Georgia driver's license (Class C) and a satisfactory Motor Vehicle Record (MVR) in compliance with County Safety and Loss Control Guidelines.
- Completion of the State of Georgia Department of Transportation Defensive Driving Course and/or Emergency Vehicle Operation Certification within twelve (12) months of employment.

ADA COMPLIANCE

- Fayette County is an Equal Opportunity Employer. ADA requires the County to provide reasonable accommodations to qualified individuals with disabilities. Prospective and current employees are invited to discuss accommodations.

HIPAA COMPLIANCE

- The Health Insurance Portability and Accountability Act of 1996, as amended, requires employees to protect the security of Protected Health Information (PHI) however it is obtained, handled, learned, heard or viewed in the course of their work.

DRUG AND ALCOHOL COMPLIANCE

- In accordance with Fayette County's Substance Abuse Policy of 1996, as amended, all job applicants offered employment will undergo testing for the presence of illegal drugs and alcohol as a condition of employment. In the course of employment, employees are subject to random, reasonable suspicion, post-accident, and routine fitness for duty testing for illegal drugs and alcohol abuse. Employees are prohibited to work under the influence, to possess, to distribute, or to sell illegal drugs in the workplace or abuse alcohol on the job. Confirmed positive is reason for denial of employment and/or termination.

MINIMUM QUALIFICATIONS

- High School Diploma or GED.
- Sufficient experience to understand the basic principles relevant to the major duties of the position.
- Possession of or ability to readily obtain a valid driver's license issued by the State of Georgia for the type of vehicle or equipment operated.
- Possession of or ability to readily obtain approved forklift safety training.
- Possession of or ability to readily obtain GDOT approved flagging certification.

- Possession of or ability to readily obtain GSWCC Contractor Awareness Course – White Card.
- Possession of or ability to readily obtain an appropriate state-certified water distribution operator's certification within one-year of hire.
