

Fayette County Recreation Commission Meeting
March 8, 2011

Meeting called to order 7:00

Present:

Charles McCollum, Chair

Darryl Hicks

Shane Jones

Joe Kuebler

Absent:

Thomas Stephens, Secretary

Welcome, Invocation, and Pledge lead by Charles McCollum

February Minutes: Minutes were not presented as Thomas Stephens, Secretary was not able to attend.

Public Comment:

Jim Cameron, Fayette County resident offered his concerns regarding FCYSL not abiding by the FC Commission approved policy regarding the composition of the FCYSL Board. His concern was in that 9 members of the Board have direct ties to AFC (Atlanta Football Club), which is a non-profit organization which has the ability to generate funding with the access to the county fields. He feels this is in direct conflict with the policy set forth by the County Commission.

Old Business:

- **Kenwood Park:** the pads have been poured and the gates will be installed soon.
- **YAA Policy and Procedures Manual Review:** A workshop will be held to review the manual and obtain any feedback from the youth associations and other public comment. A 30 day notice will be provided to the youth associations prior to the workshop. The goal is to have the manual updated and approved prior to the last meeting of 2011.
- **Park Scoreboards:** A motion was made by Joe Kuebler to recommend to the County Commission that: The county enter into an agreement with the Coca Cola Company for 3 years with 1 year options (per contract) to gain credit for drink purchases. This credit can be used by the youth associations as they wish but it should be clearly understood that the

youth associations will be responsible for the scoreboard repairs and/or refurbishment. Motion Seconded by Darryl Hicks. Motion carried 4-0.

- **Needs Assessment:** Darryl Hicks recommended the Recreation Commission await the results of the 2010 census and further discussion prior to making recommendation to the County Commission.

New Business:

- **Codes and Ordinances:** Anita passed out the codes and ordinances that the FC Water System uses for their parks. This information was for the Commission to review for discussion and consideration.

Staff Report: Anita updated the Commission.

Charles McCollum thanked the Recreation Commission members for their volunteer time.

Meeting Adjourned at 9:25pm by Charles McCollum

Next meeting is April 12, 2011

Respectfully submitted,
Joe Kuebler
