Children's Department

June 4, 11, 18, 25 and July 9, 16, 23

You won't want to miss our weekly time of songs, stories, and activities designed especially for two year olds to share with their caregiver. (Children must have already turned two to attend this program.)

This program focuses on the unique developmental needs of this age group focusing on building simple vocabulary (directional words, body parts, familiar animals, etc.), counting, colors, shapes, rhymes and learning to listen and respond to simple stories. After each session, there will be a time for play to build social as well as fine and gross motor skills.

Both programs will be identical, choose **one** time slot each week.

Specific Dates for programs are listed on our monthly calendar available online and in the children's department. Check our calendar monthly to be sure a program will be held on the day you plan to come.

We are unable to accommodate groups at our regularly scheduled programs.

Siblings are welcome at all of our programs for young children. At least one child must be the age for the program and we ask that you help us keep the program welcoming by not allowing older or younger siblings to be disruptive. Thank you so much!

Our programs are cell phone and texting-free.
