## Guidelines for Age-Specific Programs

The goal for our age-specific programs is to provide a developmentally-appropriate space for children. We understand that this can be challenging with children of multiple ages in the family so we have intentionally created multi-age programs and as flexible as possible guidelines to help meet your family's needs and our program goals.

- Younger and older siblings can attend most of our programs as long as they are not disruptive. At least one child you bring should be in the age-group for program.
- Most of our programs require an adult to attend with the child. Programs with an asterisk \* are geared for children to attend independently. Younger siblings cannot attend these programs. Parents should remain in the library during the program.

## Community-Sponsored Program

**CAREing Paws:** Practice your reading skills by signing up to read with OREO. See calendar for dates and times. (Ages 6+)

**Baby Dayzz:** Parents of babies 0-12 months are invited to join Piedmont Hospital for an informative program. **Second Tuesday of the month from 10:00 a.m.**
