**Subject: Invitation to Bid #1908-B: Pavement Inspection Services
Addendum #1**

Gentlemen/Ladies:

Below, please find responses to questions, clarification, or additional information for the above referenced Request for Quotes. You will need to consider this information when preparing your quote.

The due date for this Invitation to Bid has changed from the previous date of February 4, 2021. The new due date and time is Tuesday, February 9, 2021.

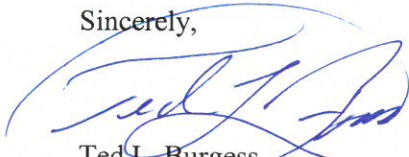

1. Could an index of roads with lengths be provided for bidding purposes on the ITB for pavements evaluations? **Yes. Please see the #1908-B County Road Index document on our website at https://fayettecountyga.gov/purchasing/bids_and_proposals.htm**
2. Under the scope of work section for the Pavement Inspection Services RFQ it states “the county will require 3 similar projects completed in the state of Georgia in the past 3 years to be used as references”. I am writing to see if the county would consider relaxing those qualifications to include projects in neighboring states, e.g., South and North Carolina? **The County is using a national standard for the inspections. References outside of Georgia will be allowed.**
3. The RFP specifies 476 centerline miles to be inspected. Does this correlate to a specific number of actual test miles, are multiple passes required on specific roadways based on functional class, road width number of lanes, etc.? If so, please provide the actual test miles to consider in our estimate. **The County’s actual test miles is 476 centerline miles. Please see the #1908-B County Road Index on our website at https://fayettecountyga.gov/purchasing/bids_and_proposals.htm**
4. Is there a page limit for the proposal and, if so, what is included in the page count (resumes, cover sheet, etc.)? Also, are there and font size and/or line spacing requirements? **The Invitation to Bid (ITB) has no page, font size or spacing requirements.**
5. How many copies of the proposal are to be included in the envelope? **See the Invitation to Bid Terms and Conditions Line #6.**
6. Is a flash drive/ CD with an electronic version of the proposal documents also required? **No**
7. Can we have a copy of the map of the roads to be inspected prior to the due date (preferably a shape file)? We are attaching a list of roads with lengths and widths. **We currently do not have a map for this project. The County will prepare a shape file map to the awarded vendor.**
